A
Codebook from other sessions
16 continuous dims
area / random letters
one alphabet
4 parallel letters
coarse-to-fine, 16 letters per stage
share of own R² kept (median, 95% CI)
code length (bits)
B
Codebook from other monkeys
16 continuous dims
share of own R² kept (median, 95% CI)
code length (bits)
C
Continuous control: top principal components
axes from other sessions
axes from other monkeys
share of own R² kept (median, 95% CI)
principal components kept
D
Letters on direction, own length
16 letters
256 letters
1024 letters
4 parallel × 64
6 stages × 16
3 stages × 256
share of own R² kept (median)
whole vector (sessions)
whole vector (monkeys)
direction only (sessions)
direction only (monkeys)
